Olive Oil Sensory Assessment Report

Category	Attributes *	Notes
Negative Attributes/Defects	None	
Positive Attributes	Fruity – 4.1 Bitter – 3.2 Pungent – 3.2	

Descriptive	Aroma/flavor reflected green and ripe olive fruit with primary descriptor of artichoke, grass and buttery, followed by floral, green almond, nutty and green tea.. Mild astringency was noted. This sample qualifies for the grade of Extra Virgin and is considered Med on the robustness scale.
--------------------	--

* Numerical ratings represent a scale from 0 to 10 and indicate (a) the presence of specific attributes as defined by the International Olive Council (IOC) and (b) the level of intensity of the specific attribute. If “no defects” is noted it means that I did not detect the presence of any negative attribute.

Taster: Astrid Lorig Olive Love • (510) 351-5201 • astrid@olivelove.us • www.olivelove.us

Disclaimer: Though Ms. Lorig is a trained olive oil taster and internationally-certified taste panel supervisor, the above represents solely her opinion which, by definition is subjective. For an objective olive oil assessment, the International Olive Council requires consensus by a panel of at least 8 trained tasters. This report is not intended to replace or refute the results of a sensory assessment performed by an IOC-recognized panel or other trained panel.
